

Get Ahead in Life➤

**Get a better job. Earn a promotion.
Boost your pay. Sharpen your personal image.**

The Laurel College Center (LCC) can help in all these ways with seven colleges offering 14 degrees and hundreds of noncredit, continuing education courses! The LCC features convenient day, evening and weekend classes, small class size, and friendly, personal attention.

Work on your degree!

Earn associate's degrees in Business Administration, Criminal Justice, Early Childhood Education, Elementary Education/Special Education, or General Studies right in downtown Laurel through the founding partners Howard Community College and Prince George's Community College.

As a Maryland Regional Higher Education Center, you also can earn a bachelor's or post-graduate degree at the LCC through partnerships with College of Notre Dame of Maryland, Morgan State University, Towson University, University of Maryland College Park, and University of Maryland University College.

Sharpen those job skills!

Noncredit classes can give you the edge in cold calling, supervisory skills, accounting, home office tips, word processing, spread sheets, presentations, Web design, anger management, foreign languages, and dozens of other topics. Classes are ongoing.

Take the first step today!

Check out the following pages of this publication for the schedule of all HCC's credit courses offered at the LCC this fall.

Visit www.laurelcollegecenter.org for information on all the courses and programs to help you get ahead - credit or noncredit, day and night, weekdays and weekend.

The Laurel College Center (LCC) is a unique joint effort between Howard Community College (HCC) and Prince George's Community College (PGCC).

Located in downtown Laurel near the Laurel Shopping Center and Laurel Center Mall, the LCC seeks to make higher education accessible to anyone over the age of 16 who lives or works in the Laurel area, especially those whose home residence is in either Prince George's County or Howard County. However, anyone can take classes at the LCC, whether you have never taken a college class before, already have a college degree, want to pursue a degree program or just take a course or two for fun, regardless of where you live.

At the LCC, you can take individual courses, credit and noncredit, or you can earn an associate's degree in business administration, early childhood education, general studies, elementary education/special education or criminal justice.

The following pages list the HCC credit classes offered at the LCC for fall 2010. Workforce development and continuing education programs, which are published in a separate schedule, are also offered at the LCC to help you upgrade your job skills in a variety of areas including computers, finance and management. Others are offered simply for your enjoyment and additional programs are available to assist businesses in training employees.

LCC Administrative Office (Room 205) Hours of Operation:

Monday through Thursday: 8:30 a.m. to 8 p.m.
 Friday: 8:30 a.m. to 5 p.m.

Important Dates for Fall 2010

Register for classes: May 12 through first day of class

Classes begin: September 7

Labor Day (college closed): September 4 - 6

Thanksgiving break: November 24 - 28

Final exams: December 11 - 17

ACCOUNTING

ACCT-111 Principles of Accounting I (3 credits)

Introduction to the recording, summarizing and analyzing of business transactions including the preparation and interpretation of financial statements.

LAUREL COLLEGE CENTER:
1055 M050 6:30PM-8:50PM MW
Laurel sections begin the week of
September 7, 2010.
Fees: \$25.00.

ARCHITECTURAL/ CONSTRUCTION MGT

ARCM-200 Construction Management (3 credits)

This course will introduce the student to construction project management. The student will gain an understanding of the skills, procedures, methodology and techniques required to manage construction projects. Topics include construction and design roles, company organization, construction contracts, and cash flow management. This course provides a basic introduction to the use of computers in construction management.

PRQ: ARCM-102

LAUREL COLLEGE CENTER:
5640 M550 6:00PM-9:10PM T
Laurel sections begin the week of
September 7, 2010.

ART

ARTT-101 Two-Dimensional Basic Design (3 credits)

A course designed to develop the student's sensitivity to the visual world stressing two-dimensional works of art.

LAUREL COLLEGE CENTER:
3855 J750 6:00PM-10:15PM W
Laurel sections begin the week of
September 7, 2010.
Fees: \$5.00.

ARTT-103 Art Appreciation (3 credits)

The overall purpose of this course is to encourage an appreciation of Western Art. This is a highly visual course in which the student will examine and discuss works of art from the prehistoric to the contemporary periods. The student will be looking at and analyzing many images in order to gain an understanding of

their form and content. The student will be analyzing the formal structure of various works of art as well as considering them in the context of the historical period and cultural framework in which they were produced. Simple studio projects may be included. Recommended for non-art majors.

LAUREL COLLEGE CENTER:
3856 J702 3:30PM-5:00PM W
Section J702 is a hybrid course that combines class interaction with an extensive use of online resources. Class meeting time is half that of traditional classes. Students may use computers in the computer labs or use their home computers with Internet access to complete the online course activities. Laurel sections begin the week of September 7, 2010.
Fees: \$20.00.

BIOLOGY

BIOL-101 General Biology I (4 credits)

Study of living things from the atom through the molecular, cellular and organismal levels.

BIOL-101 day students must also register for a day BIOL-101 lab.
PRQ: ENGL-096 or ENGL-086

LAUREL COLLEGE CENTER:
4591 J501 8:45AM-12:00PM T
8:45AM-12:15PM TH
Laurel Sections begin the week of
September 7, 2010.

2047 J502 8:45AM-12:00PM T
8:45AM-12:15PM F
Laurel Sections begin the week of
September 7, 2010.

3150 J550 6:30PM-9:50PM TH
6:30PM-10:00PM W
Laurel Sections begin the week of
September 7, 2010.
Fees: \$43.00.

BIOL-107 Fundamentals of Microbiology (4 credits)

This one semester course is designed mainly for dental hygiene, nursing, and paramedic students. This course will investigate the characteristics of living things from the molecular to the cellular level for both prokaryotic and eukaryotic cells. The study of microbiology will enable the student to understand the biology of bacteria, fungi, protozoa and viruses in terms of the transmission of disease.

BIOL-107 day students must also register for a day BIOL-107 lab.
PRQ: ENGL-096 or ENGL-086

LAUREL COLLEGE CENTER:
1166 J501 8:45AM-12:00PM TH
8:45AM-12:15PM T
Laurel Sections begin the week of
September 7, 2010.
1167 J502 8:45AM-12:00PM TH
8:45AM-12:15PM M
Laurel Sections begin the week of
September 7, 2010.
1170 J550 6:30PM-9:50PM W
6:30PM-10:00PM M
Laurel Sections begin the week of
September 7, 2010.
Fees: \$43.00.

BIOL-200 Microbiology (4 credits)

Study of bacteria, algae, fungi, protozoa and viruses in terms of morphology, classification, reproduction, metabolism, genetics, population growth and environmental effects on growth and disease.

PRQ: BIOL-101 and 4 credits of chemistry.

LAUREL COLLEGE CENTER:
2168 M501 11:00AM-3:45PM T
12:30PM-3:45PM TH
Laurel sections begin the week of
September 7, 2010.

2169 M502 2:45PM-6:00PM TTH
11:00AM-12:00PM TH
Laurel sections begin the week of
September 7, 2010.

2170 M550 5:30PM-7:15PM TTH
7:30PM-9:30PM TTH
Laurel sections begin the week of
September 7, 2010.
Fees: \$43.00.

BIOL-203 Anatomy and Physiology I (4 credits)

Topics include histology, integumentary, skeletal, muscular, nervous, endocrine systems, and special senses. For nursing students and those desiring two semesters of A&P only.

BIOL-203 day students must also register for a day BIOL-203 lab. Night students must also register for a night lab.
PRQ: BIOL-101 or BIOL-107

LAUREL COLLEGE CENTER:
5736 M501 8:45AM-1:30PM M
8:45AM-11:55AM W
Laurel Sections begin the week of
September 7, 2010.

1754 M502 10:30AM-11:55AM MW
1:45PM-3:25PM MW
12:30PM-1:30PM W
Laurel Sections begin the week of
September 7, 2010.

5738 M550 3:30PM-5:25PM MW
6:00PM-7:25PM MW
Laurel Sections begin the week of
September 7, 2010.

5739 M551 6:00PM-8:05PM MW
8:05PM-9:30PM MW
Laurel Sections begin the week of
September 7, 2010.

2282 M560 6:00PM-8:55PM F
8:30AM-1:30PM S
This Laurel section begins on Sept. 10, 2010.
Fees: \$43.00.

BIOL-204 Anatomy and Physiology II (4 credits)

Continuation of BIOL-203 and includes the circulatory, respiratory, digestive, urinary and reproductive systems.

BIOL-204 day students must also register for a day BIOL-204 lab.
PRQ: BIOL-203

LAUREL COLLEGE CENTER:
8280 M501 8:30AM-12:50PM W
9:30AM-12:50PM M
Laurel Sections begin the week of September 7, 2010.
3515 M550 6:50PM-9:00PM MW
5:30PM-6:50PM MW
Laurel Sections begin the week of September 7, 2010.
Fees: \$43.00.

BUSINESS

BMGT-100 Introduction to Business & Organization (3 credits)

In this course, students will explore all of the primary disciplines in business on an introductory level: economics, human resource management, finance options, managerial accounting principles and marketing strategies. Students will examine challenges present in the current business environment and consider them with an eye toward ethics, social responsibility and effective management strategies in a global economy. The course is kept current by students' exposure to guest speakers and case analyses. Some written and oral reports will be required from these activities. This course is ideal both for students who wish to pursue a career in business and those who wish to gain a better understanding of the business world in which they live.

LAUREL COLLEGE CENTER:
1414 J050 6:00PM-9:10PM M
Laurel Sections begin the week of September 7, 2010.
4358 M001 12:00PM-1:45PM MW
Laurel Sections begin the week of September 7, 2010.
4357 M060 6:00PM-10:30PM F
8:30AM-5:45PM S
BMGT-100-M060 meets on Oct. 1-2, Oct. 15-16, and Oct. 29-30, 2010.

BMGT-145 Principles of Management (3 credits)

This class focuses on the knowledge needed by today's business managers as they make decisions in the current frequently changing, global workplace. Students will obtain skills in such areas as: leadership, domestic and global business culture, strategy and decision-making, the four basic management functions, and information and operations systems management. The course will provide several opportunities to apply knowledge in individual and small group assignments and activities. This course will introduce the concepts of project management and the importance of strategic vision.
PRQ: BMGT-100

LAUREL COLLEGE CENTER:
4359 M060 6:00PM-10:30PM F
8:30AM-5:45PM S
BMGT 145-M060 meets Oct. 1-2, 15-16, and 29-30, 2010

BMGT-151 Business Law I (3 credits)

This introductory course provides students with an opportunity to study law and its impact on business. Students will learn basic legal concepts and their application, build a vocabulary unique to business and the law and develop critical thinking skills that are essential to analyzing cases and making sound business decisions. The course will provide students with an opportunity to study current legal and ethical issues affecting business, contracts, sales, and the American legal system. The knowledge and skills gained from Business Law I are useful for careers in business, human resources, management, alternative dispute resolution, public policy, sales and entrepreneurship.

LAUREL COLLEGE CENTER:
6084 J050 6:30PM-9:40PM T
Laurel sections begin the week of September 7, 2010.

CISCO

CSCO-281 Network Fundamentals (3 credits)

The focus of this course is on learning the fundamentals of networking. Topics include the two major models used to plan and implement networks - OSI and TCP/IP, the functions and services of the OSI and TCP/IP layers, the various network devices, network addressing schemes, and the types of media used to carry data across the network. Labs will include hands-on configuration of routers and switches in client-server and peer-to-peer environments with utilization of various network tools for protocol data unit analysis and troubleshooting.
PRQ: CMSY-106 and ELEC-105 or ELEC-140

LAUREL COLLEGE CENTER:
1183 J550 5:30PM-10:30PM TTH
Meets from September 7th to October 26th.
Fees: \$100.00.

CSCO-282 Routing Protocols and Concepts (3 credits)

The focus of this course is on routing and routing protocols. The goal is to develop an understanding of how a router learns about remote networks and determines the best path to those networks. The hands-on labs and virtual lab activities used in this course are designed to help the student develop an understanding of how to configure routing operations while reinforcing the concepts learned.
PRQ: CSCO-281

LAUREL COLLEGE CENTER:
1186 J550 5:30PM-10:30PM TTH
Meets from October 28th to December 16th.
Fees: \$100.00.

CSCO-650 Building Scalable Cisco Networks (3 credits)

This course focuses on advanced routing using Cisco routers connected in local-area networks (LANs) and wide-area networks (WANs) typically found at medium to large network sites. Upon completion of this course, the student will be able to select and implement the appropriate Cisco IOS services required to build a scalable routed network. This course will help the student prepare for exams associated with CCNP (Cisco Certified Network Professional) certification.
PRQ: CSCO-272 or CCNA certification

LAUREL COLLEGE CENTER:
2296 J550 5:30PM-10:30PM MW
Meets from September 8th to October 25th.
Fees: \$200.00.

**CSCO-660 Implement Secure
Converge Wide-Area
Netwk (3 credits)**

This course introduces how to provide secure enterprise-class network service for teleworkers and branch sites. Students learn how to secure and expand the reach of an enterprise network with focus on VPN configuration and securing network access. Topics include teleworker configuration and access, frame-mode MPLS, site-to-site IPSEC VPN, Cisco EXVPN, strategies to mitigate network attacks, Cisco device hardening, and IOS firewall features. This course prepares students to pass one of the CCNP Certification Exams, #642-825.

PRQ: CSCO-272 or CCNA Certification

LAUREL COLLEGE CENTER:

7619 J550 5:30PM-10:30PM MW
Meets from October 27th to December 15th.
Fees: \$200.00.

COMPUTER SYSTEMS

**CMSY-105 Personal Computer
Systems Repair I
(3 credits)**

Students will have hands-on experience using 486 and Pentium based systems. The course will focus on broad concepts and diagnostic tools which allow the student to rapidly determine the condition of a PC system and how best to rectify a fault. Special emphasis will be placed on how systems are configured, modified, and expanded to meet new requirements. Different software tools like Checkit-Pro, Norton Utilities and DOS utilities will be used to diagnose problems. This course, along with CMSY-106, prepares students for the hardware level of A+ certification offered by the Computing Industry Association. The material is preparatory for the follow-on course, CMSY-106, Personal Computer Systems Repair II. Familiarity with DOS and Windows is recommended.

LAUREL COLLEGE CENTER:

2248 J550 6:00PM-10:20PM TH
Laurel sections begin the week of September 7, 2010.
Fees: \$100.00.

**CMSY-110 Software Applications for
Micros (3 credits)**

After successful completion of this course, the student will be able to use word processing, spreadsheet, database, and presentation graphic software. This course is designed for the beginning student and does not include advanced concepts. Keyboarding skills are strongly recommended.

All sections use Microsoft Word, Excel, Access, and PowerPoint.

LAUREL COLLEGE CENTER:

1910 J013 8:30AM-11:40AM F
Laurel sections begin the week of September 7, 2010.

1487 M050 6:00PM-9:10PM T
Laurel sections begin the week of September 7, 2010.

3129 M060 6:00PM-10:30PM F
8:30AM-5:45PM S
This section runs Sept 17-18; Oct 1-2 and Oct 15-16, 2010.

6081 M061 9:00AM-12:30PM S
CMSY-110-M061 meets 9/11/10-12/11/10.
Fees: \$50.00.

**CMSY-181 Introduction to C++
Programming (4 credits)**

This course provides an introduction to the C++ programming methodology from algorithm development and documentation to object-oriented programming. Upon successful completion, students will be able to write programs of moderate complexity and length which include standard data types, control structures, user written and library functions, arrays, structures, recursion, stream I/O, and simple classes and objects. Students should be familiar with Windows file management before enrolling in this course.

PRQ: CMSY-121 or CMSY-190 or CMSY-220

LAUREL COLLEGE CENTER:

3526 M051 6:00PM-10:15PM W
Laurel Sections begin the week of September 7, 2010.
Fees: \$50.00.

**CMSY-218 Operating System
Fundamentals (3 credits)**

Learn how to use the Command Prompt (DOS) and Windows operating systems to create, view, and manage files, directories, and disks. Other topics include file attributes, supporting and troubleshooting Windows, and hard drive maintenance. This course includes beginning through advanced operating system concepts designed to prepare you to take the operating system part of the A+ certification exam.

LAUREL COLLEGE CENTER:

1350 M050 6:00PM-10:15PM M
Laurel Sections begin the week of September 7, 2010.
Fees: \$50.00.

CRIMINAL JUSTICE

**CRIM-101 Introduction to Criminal
Justice (3 credits)**

This course will provide an introduction to the history and philosophical development of criminal justice and law enforcement. The student also will examine the requirements and opportunities in this field of study.

LAUREL COLLEGE CENTER:

2885 M960 6:00PM-10:30PM F
8:15AM-5:30PM S
Section M960 meets Sept 10-11, 17-18, and Oct 8-9, 2010.

**CRIM-103 Juvenile Delinquency
(3 credits)**

This course will provide an introduction to the field of juvenile crime, and the history of its treatment. Special attention will be given to trends in youth crime, developments in juvenile law and evolving correctional practices.

LAUREL COLLEGE CENTER:

4321 M960 6:00PM-10:30PM F
8:30AM-5:45PM S
This section meets November 5-6, 19-20, December 3-4 2010.

**CRIM-201 Introduction to Criminal
Law (3 credits)**

Introduction to Criminal Law will introduce the student to the history, theory and principles of criminal law. The student will be given an historical perspective of the basic fundamental concepts of substantive criminal law. Through the identification and analysis of the essential elements of crime, and the rationale underlying the criminal law, the student will also be provided with knowledge necessary for a basic understanding of statutory and codified criminal law.

PRQ: CRIM-101

LAUREL COLLEGE CENTER:

3868 M950 6:00PM-9:10PM T
Laurel sections begin the week of September 7, 2010.

ECONOMICS

**ECON-101 Principles of Economics
(Macro) (3 credits)**

This course introduces students to important economic issues which affect an entire economy. Students will more comfortably read and understand books, newspapers, and magazines with economic content. Topics include Demand and Supply Theory; Gross Domestic Product Determination; inflation; unemployment; the role of the government and public choice; fiscal and monetary policy and international economics.

PRQ: Eligible to enroll in ENGL-121

LAUREL COLLEGE CENTER:

2019 M907 8:30AM-10:00AM MW
Laurel sections begin the week of September 7, 2010.
2020 M952 6:30PM-9:40PM W
Laurel sections begin the week of September 7, 2010.

EDUCATION

EDUC-110 Introduction to Education (3 credits)

The student will examine the basic principles and philosophical traditions of Western and American Education. The student will also evaluate the trends, issues and career opportunities and options in contemporary education. A 15-hour Field Experience outside of class time is required. Students are placed in a Howard County Public School or may use a K-12 school where they are employed.

LAUREL COLLEGE CENTER:
2146 J950 6:00PM-9:00PM M
Laurel sections begin the week of September 7, 2010.
Fees: \$25.00.

EDUC-111 Child Growth and Development (3 credits)

Through the study of the early childhood and elementary years, the student will be able to describe the language, cognitive, physical, social, and emotional development of young children, birth to 12 years. Instruction will focus on theories of child development, research methods, and developmental milestones. Knowledge learned in this course can be applied to parenting and to careers in early childhood and elementary education, and nursing. This course meets the Maryland State Department of Education Child Development requirement for an initial certificate in Early Childhood Education and Elementary Education. This course meets the MSDE Human Growth and Development requirement for Generic Special Education Infant/Primary, and Generic Special Education Elementary/ Middle. This course fulfills Part 1 of (2 parts) of the Child Care Certificate required for Child Care Teacher-Preschool. (EDUC 112 is required to complete the 90-hour Child Care Certificate.)

LAUREL COLLEGE CENTER:
1772 M951 6:00PM-9:00PM MW
Section M951 begins September 8, 2010 and ends October 26, 2010.

EDUC-112 Methods and Materials in Early Childhood Education (3 credits)

This course is designed to teach the methods and proper use of materials for presenting creative learning experiences to young children in the areas of art, music, creative dramatics, language, movement, cooking, math and science. This course meets the Maryland State Department of Education Teaching Methodology requirement for an initial certificate in Early Childhood Education. This course fulfills Part 2 (of 2 parts) of the Child Care Certificate required for Child Care Teacher-Preschool.

EDUC-111 is required to complete the 90-hour Child Care Certificate.

LAUREL COLLEGE CENTER:
6075 M951 6:00PM-9:00PM MW
Section M951 begins October 27, 2010.

EDUC-200 Introduction to Special Education (3 credits)

This course is designed to provide an understanding of the needs of all types of exceptional children. Students will be able to identify symptoms and causes of major handicapping conditions and ways in which teachers can individualize instruction in response to these conditions. Federal and state regulations are also reviewed. This course meets the Maryland State Department of Education Inclusion of Special Needs Student Populations requirement for an initial certificate in Early Childhood Education, Elementary Education and Secondary Education. This course also meets the Maryland State Department of Education Historical, Philosophical and Legal Foundations of Special Education requirement for an initial certificate in Generic Special Education Infant/Primary, Generic Special Education Elementary/Middle, and Generic Special Education Secondary/Adult. A 15-hour Field Experience outside of class time is required. Students are placed in a Howard County Public School or may use a K-@CLS4:NOTE: For a prerequisite waiver call Division Chair, 410-772-4019.

PRQ: Eligible to enroll in ENGL-121.

LAUREL COLLEGE CENTER:
1770 J952 6:00PM-9:00PM M
Laurel sections begin the week of September 7, 2010.
Fees: \$25.00.

EDUC-290 Special Education General Methods Birth – 12th Grade (3 credits)

Students will understand and use a variety of organizational, teaching, and classroom management strategies. The course will focus on effective practices in different settings with all disability groups, as well as collaboration with other involved professionals and parents. This course meets the Maryland State Department of Education Curriculum and Methodology of Instruction requirement for an initial certificate in Generic Special Education Infant/Primary, Elementary/Middle School, and Secondary/Adult.

LAUREL COLLEGE CENTER:
2151 M950 6:00PM-9:00PM M
Laurel sections begin the week of September 7, 2010.

EDUC-292 Special Education Methods 6th-12th Grade (3 credits)

This course presents current practices in teaching students with special needs in grades 6 through 12. Students will review/demonstrate a variety of teaching techniques in the areas of functional skills, managing the learning environment, reading, writing, mathematics, and the content areas. Special focus is placed on transition education and services for adolescents. This course meets the Maryland State Department of Education Curriculum and Methodology of Instruction requirement for an initial certificate in Generic Special Education Secondary/Adult.

LAUREL COLLEGE CENTER:
2152 M950 6:00PM-9:00PM W
Laurel sections begin the week of September 7, 2010.

EDUC-293 Special Education Assessment Part I Birth-12th Grade (3 credits)

This course provides students with the knowledge and skills for selecting, administering, interpreting, diagnosing, reporting, using assessment data, monitoring and evaluating the instructional program. Legal perspectives, technical aspects of assessment tools, accommodations, computer as a tool for assessment, and nondiscriminatory testing will be examined. This course meets the Maryland State Department of Education Assessment, Diagnosis, and Prescriptive Techniques requirement for an initial certificate in Generic Special Education Infant/Primary, Elementary/Middle School, and Secondary/Adult.

LAUREL COLLEGE CENTER:
2154 J950 6:00PM-9:00PM T
Laurel sections begin the week of September 7, 2010.

ENGLISH**ENGL-093 Directed Studies in Reading (3 credits)**

Directed Studies in Reading is a developmental course designed to strengthen students' reading skills. In this course, students in need of intensive reading instruction will complete prescribed activities to develop vocabulary and improve reading comprehension. Credits awarded for the completion of ENGL 093 do not fulfill degree requirements in any degree or certificate program. ENGL 093 meets four hours weekly.

PRQ: Appropriate score on reading placement tests.

LAUREL COLLEGE CENTER:

3410 M102 9:00AM-12:10PM M
Laurel Sections begin the week of September 7, 2010.
3411 M152 6:30PM-9:40PM M
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

ENGL-096 Fundamentals of Academic Reading (3 credits)

This course is designed to strengthen the students' reading skills. Emphasis is on comprehension, vocabulary building and reading rate.

PRQ: Appropriate score on English placement test or successful completion of ENGL-093; CO-REQ: FYEX-100

LAUREL COLLEGE CENTER:

3412 M111 9:00AM-12:10PM MW
Section M111 begins on September 7, 2010 and ends on October 26, 2010.
3414 M156 6:30PM-9:40PM MW
Section M156 begins on September 7, 2010 and ends on October 26, 2010.
Fees: \$50.00.

ENGL-097 Fundamentals of Writing (3 credits)

This course is designed to strengthen the student's writing skills with specific emphasis on using logical organization and correct sentence skills to write essays that are focused, clear, and convincing.

PRQ: Appropriate score on English placement tests or successful completion of ENGL-094.

LAUREL COLLEGE CENTER:

5546 M101 1:00PM-3:10PM TTH
Laurel sections begin the week of September 7, 2010.
1859 M156 6:00PM-10:20PM TH
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

ENGL-121 College Composition (3 credits)

ENGL-121 guides students through the expository writing process through close reading of contemporary critical discourse and teaches the rhetorical arts of argument and persuasion through critical thinking, reading and research. Students will develop an understanding of themselves as readers and writers of world cultures and participate with others in responsible public discourse and have moral and ethical responsibilities in that discourse; examine the relationship among writer, audience, and purpose; and practice writing prose through a recursive process. Students completing this course should be able to write persuasive, researched and documented essays (of at least 1,000 words) demonstrating the conventions of standard written English and manuscript presentation.

PRQ: Eligibility to enroll in ENGL-121 is based on English placement test scores or the successful completion of required developmental English course work.

LAUREL COLLEGE CENTER:

2480 M101 10:15AM-11:45AM TTH
Laurel Sections begin the week of September 7, 2010.
4355 M102 8:30AM-10:00AM MW
Laurel sections begin the week of September 7, 2010.
4356 M103 10:15AM-11:45AM MW
Laurel sections begin the week of September 7, 2010.
2481 M150 6:30PM-9:40PM T
Laurel sections begin the week of September 7, 2010.
6085 M151 6:30PM-9:40PM W
Laurel sections begin the week of September 7, 2010.
5526 M161 9:00AM-12:30PM S
Saturday class runs from Sep 11 to Dec. 11, 2010
Fees: \$30.00.

EXERCISE SCIENCE**EXSC-100 Introduction to Physical Education (1 credit)**

This course is designed to present the basic concepts and physical skills necessary for basic instruction of movement activities at the elementary education level. The student will participate in and develop leadership skills for instructing such activities.

LAUREL COLLEGE CENTER:

2022 M351 6:30PM-9:40PM TH
This is a special section being held at the Laurel College Center for Elementary Education majors. Students must register for both HEED-115-M351 Index 2021 and EXSC-100-M351 Index 2022. Laurel sections begin the week of September 7, 2010.

FINANCIAL PLANNING**FNPL-101 Personal Financial Planning Principles (3 credits)**

This course presents an overview of the financial planning process: insurance and investment decisions, income tax, retirement and estate planning.

LAUREL COLLEGE CENTER:

4360 M060 6:30PM-9:45PM F
9:00AM-3:00PM S
FNPL-101-M060 meets on Sept 10-11, 24-25; Oct 8-9, 22-23, Nov 5-6 2010.
Fees: \$15.00.

FIRST YEAR EXPERIENCE**FYEX-100 First Year Experience (2 credits)**

First Year Experience 100 engages students in a highly interactive, critical thinking experience and in a meta-cognitive pursuit to understand themselves as intentional learners and as civic and global citizens. Through self-assessment, reading, writing, and reflection, students develop habits of mind necessary to engage in academic inquiry, creative and critical thinking, and scholarly discourse with integrity and civility; develop their ability to articulate their long-term goals as related to their own beliefs and values; and strengthen their capacity to appreciate diversity and effective intercultural and interpersonal communication.

LAUREL COLLEGE CENTER:

5549 M101 9:00AM-12:00PM MW
Section M101 begins on October 27, 2010 and ends on December 17, 2010.
5551 M150 6:30PM-9:30PM MW
Section M150 begins on October 27, 2010 and ends on December 17, 2010.
Fees: \$25.00.

GEOLOGY**GEOL-107 Introduction to Physical Geology (3 credits)**

This course applies the principles of dynamic and structural geology in studying the composition and structure of earth and its rocks and minerals; the internal and external forces acting upon the earth; and the resulting surface features and agents that form them.

If you need a 4 credit laboratory science course, you need to also register for GEOL-117.

LAUREL COLLEGE CENTER:

4039 J550 6:00PM-9:00PM T
Laurel sections begin the week of September 7, 2010.

HEALTH EDUCATION

HEED-115 Personal and Community Health (3 credits)

This course will synthesize the important facts and concepts of a variety of college level courses including biology, physiology, anatomy, ecology, psychology, and sociology into a meaningful dialogue that will motivate the student to modify their health practices to a high level of effective and enjoyable living.

LAUREL COLLEGE CENTER:

2702 M350 6:00PM-9:10PM W
Laurel sections begin the week of September 7, 2010.

2021 M351 6:30PM-9:40PM TH
This is a special section being held at the Laurel College Center for Elementary Education majors. Students must register for both HEED-115-M351 and EXSC-100-M351. Laurel sections begin the week of September 7, 2010.

HEED-125 Ethics in Professional Practice (3 credits)

This course will examine ethics in today's evolving healthcare environment. This course will look at privacy and the ethical dilemmas that result from current laws, social and cultural implications. A practitioner's approach to ethics has a direct impact on the quality of patient care and the liability of the organization for which they work. Healthcare practitioners, i.e. substance abuse counselors, mental health counselors, gerontologists and social service workers, are expected to be knowledgeable about today's healthcare laws and ethical codes.

LAUREL COLLEGE CENTER:

5740 M060 6:00PM-10:30PM F
8:03AM-5:45PM S
This section meets Sept 24-25, Oct 8-9 and 22-23, 2010.

HEED-211 Nutrition (3 credits)

This course will provide students with a general understanding of nutrition and health. The functions and importance of fats, carbohydrates, proteins, vitamins and minerals, and the relationship between nutrition and exercise in weight management are included.

Also listed as NUTR-211.

LAUREL COLLEGE CENTER:

1773 M301 10:15AM-11:45AM MW
Laurel sections begin the week of September 7, 2010.

2338 M302 12:00PM-2:15PM TTH
Laurel sections begin the week of September 7, 2010.

2719 M350 6:00PM-9:00PM W
Laurel sections begin the week of September 7, 2010.

2718 M351 6:00PM-9:00PM TH
Laurel Sections begin the week of September 7, 2010.

HISTORY

HIST-112 American History Since 1877 (3 credits)

A survey of American history from the end of Reconstruction to contemporary times.
PRQ: Eligible to enroll in ENGL-121.

LAUREL COLLEGE CENTER:

2869 J908 10:15AM-11:45AM WF
Laurel sections begin the week of September 7, 2010.

2862 M951 6:30PM-9:40PM T
Laurel sections begin the week of September 7, 2010.

HIST-123 Western Civilization and the Modern World (3 credits)

The student will be able to describe the history and development of Western Civilization and its impact on the world from 1815 to the present. The student will identify and analyze the political, economic and intellectual movements that influenced the Western European mind. The student will examine the character of the evolving modern nation state system through the wars of unification, overseas expansion, and the competitive national rivalries. The student will evaluate the underlying factors influencing the events that shaped the modern world, including two World Wars and the Cold War. The student will examine how the post-1945 conditions affected the attitudes and makeup of the former colonial world.
PRQ: Eligible to enroll in ENGL-121

LAUREL COLLEGE CENTER:

2875 J904 10:00AM-11:45AM TTH
Laurel sections begin the week of September 7, 2010.
Fees: \$15.00.

HOSPITALITY MANAGEMENT

HMG1-101 Introduction to the Hospitality Industry (3 credits)

This introductory course acquaints the student with the scope and complexity of the hospitality industry by exploring the national and global relationships of lodging, food, and beverage operations. The course examines career opportunities, organizational structures, history and human resource management. Students will examine trends, integrated technology and its effects on customer and guest service in requirements in the lodging and food service industry.

LAUREL COLLEGE CENTER:

1936 M001 12:00PM-1:30PM MW
Laurel sections begin the week of September 7, 2010. Students enrolled in this course will be required to spend an additional 8 hours over the semester at Belmont completing a field project.
Fees: \$30.00.

KEY

COURSE #		
CHEM-101 General Inorganic Chemistry I (4 credits)		
Emphasis on solving problems involving mole concepts, gas laws, kinetic theory, etc.		
PRQ: Eligible to enroll in MATH-070		
1526 501	9:00AM-9:52AM	MWF
1455 504	9:30AM-10:50AM	TTH
INDEX NO.	TIME	DAY(S)
SECTION TYPE & NUMBER		
<i>Please note room assignments will be printed on student schedules.</i>		

HUMAN DEVELOPMENT

HMDV-200 Life Span Development (3 credits)

The purpose of this course is to examine the growth and development of an individual throughout his/her life. Beginning with the prenatal period and continuing through old age, development from a physical, intellectual, social and emotional perspective will be studied. Theories on development and current research in the field will be reviewed with an emphasis on application of individual case histories and personal experiences. This course meets the Maryland State Department of Education Child Development requirement for an initial certificate in Early Childhood Education, Elementary Education, and Secondary Education.

NOTE: For a prerequisite waiver call Division Chair, 410-772-4019.

PRQ: Eligible to enroll in ENGL-121

LAUREL COLLEGE CENTER:

5594 J901 10:15AM-11:45AM MW
Laurel sections begin the week of September 7, 2010.

3599 J952 6:30PM-9:40PM M
Laurel sections begin the week of September 7, 2010.

5096 M930 9:00AM-12:30PM S
Saturday class runs from Sep 11 to Dec. 11, 2010

MATHEMATICS

MATH-060 Basic Mathematics (2 credits)

In this course students will improve their arithmetic skills using signed numbers, fractions and decimals. Factoring numbers into products of primes; conversions between decimals, fractions and percents; ratio and proportion; place value and least common multiples will also be included. The use of a scientific calculator as a problem solving tool is also taught. This course is taught using computer-assisted instruction. You must plan to spend extra time on campus in our open computer labs.

PRQ: Appropriate score on math placement test and ENGL-093

LAUREL COLLEGE CENTER:

3131 J401 12:30PM-1:30PM MW
Laurel sections begin the week of September 7, 2010.

3135 J450 6:45PM-7:45PM TTH
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

MATH-061 Basic Algebra and Geometry (4 credits)

In this course students will be introduced to algebraic topics such as working with integers, simplifying numeric expressions with exponents, combining similar terms, multiplying polynomials and evaluating algebraic expressions. They will learn to distinguish among examples of the commutative, associative and distributive properties. Students will solve first degree equations, solve and graph linear inequalities on a number line, graph lines and investigate slope, and the x- and y- intercepts. They will become familiar with elementary topics in geometry. This course is taught using computer assisted instruction. You must plan to spend extra time on campus in our open computer labs.

PRQ: MATH-060 or appropriate math placement score and ENGL-093

LAUREL COLLEGE CENTER:

3113 J465 12:30PM-2:00PM MWF
Laurel sections begin the week of September 7, 2010.

5518 J470 9:00AM-1:30PM S
Saturday class runs from Sep 11 to Dec. 11, 2010

3134 J475 6:30PM-8:45PM MW
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

MATH-067 Review of Algebra With Geometry Applications (4 credits)

In this course, the student will develop skills in manipulating algebraic expressions with integer exponents and in simplifying polynomials, rational expressions and radicals. The student will write an equation for a line from given information. Systems of equations will be solved graphically and algebraically. Methods of factoring second-degree polynomials and applications involving factoring will also be included. Students will solve quadratic equations and related applications using factoring and the quadratic formula. Application problems will include the use of the Theorem of Pythagoras. Classes offered in HR326 A&B and HR328 are computer-based instruction. Additional time is required in the computer lab. All sections require the use of the interactive computer program that comes with the text. PRQ: Appropriate score on math placement test.

LAUREL COLLEGE CENTER:

3127 J402 12:30PM-2:10PM MWF
Laurel sections begin the week of September 7, 2010.

3136 J452 6:30PM-8:45PM TTH
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

MATH-070 Intermediate Algebra (3 credits)

The emphasis of this course is on using algebraic and graphical techniques to model and solve real world application problems. The use of a graphing calculator is required. Topics will include linear, quadratic, exponential, and logarithmic functions, rational exponent equations (both linear and quadratic), radical equations, linear and nonlinear systems, use of the discriminant, and inverse functions. Familiarity with rational expressions and equations is assumed. PRQ: MATH 065 or MATH 067 or appropriate score on math placement test.

LAUREL COLLEGE CENTER:

3132 J401 10:15AM-11:30AM MWF
Laurel sections begin the week of September 7, 2010.

5767 J420 4:00PM-6:15PM MW
Laurel sections begin the week of September 7, 2010.

3138 J450 6:30PM-8:45PM TTH
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

MATH-128 Concepts of Mathematics II (4 credits)

This course is the second course in a sequence intended for students in the elementary and early childhood education programs. Topics include statistics, probability, metric and non-metric geometry, dimensional analysis, congruence and similarity, and coordinate and transformational geometry. Throughout the course special emphasis is given to problem-solving techniques including the appropriate use of calculators and computers.

PRQ: MATH-070 or appropriate math placement score

LAUREL COLLEGE CENTER:

5242 J450 4:10PM-6:20PM TTH
Laurel sections begin the week of September 7, 2010.
Fees: \$50.00.

MATH-138 Statistics (4 credits)

Development of pictorial and analytical distributions, using statistics tables, calculator, and computer to calculate measures of central locations and variation. This course is taught using computer assisted instruction. If you do not have the equipment at your home/office you must plan to spend extra time on campus in our open computer labs.

PRQ: MATH-070 or higher or appropriate math placement score

LAUREL COLLEGE CENTER:

4444 J401 8:30AM-10:00AM MWF
 Laurel sections begin the week of
 September 7, 2010.
 2128 J420 4:00PM-6:10PM TTH
 Laurel sections begin the week of
 September 7, 2010.
 4451 J450 6:30PM-8:45PM TTH
 Laurel sections begin the week of
 September 7, 2010.
 Fees: \$50.00.

**MATH-141 College Algebra
 (3 credits)**

In this course students will learn the language of functions and be introduced to families of functions and their applications. Topics include linear, quadratic, exponential, and logarithmic functions. Other topics include solving systems of linear equations using matrices, matrix algebra and linear programming. Emphasis will be placed on solving problems algebraically and with the technological tools used in business and the social sciences. Prerequisite: MATH 070 or appropriate math placement score. (4 hours weekly)The use of a Graphing Calculator (TI-84 recommended) and required course software.

LAUREL COLLEGE CENTER:

1240 J420 4:00PM-6:15PM TTH
 Laurel sections begin the week of
 September 7, 2010.
 1239 J450 6:15PM-8:30PM MW
 Laurel sections begin the week of
 September 7, 2010.
 Fees: \$50.00.

MATH-143 Precalculus I (3 credits)

In this course, students will further develop their algebraic skills. The concept of a function as a tool to model the real world will play a central role. Polynomial, rational, exponential and logarithmic functions will be studied, along with techniques for solving equations and inequalities, complex numbers, operations on functions and inverse functions. A graphical approach will be utilized throughout, with an emphasis on solving application problems. Prerequisite: MATH 070 or appropriate score on math placement test.

LAUREL COLLEGE CENTER:

1246 J420 4:30PM-5:50PM MW
 Laurel sections begin the week of
 September 7, 2010.
 1244 J465 11:30AM-12:20PM MWF
 Laurel sections begin the week of
 September 7, 2010.
 1245 J475 6:00PM-7:30PM TTH
 Laurel sections begin the week of
 September 7, 2010.
 2279 J430 9:00AM-12:30PM S
 Laurel section begins the week of
 September 7, 2010.
 Fees: \$50.00.

MUSIC

**MUSC-101 Music Appreciation
 (3 credits)**

An introduction to the basic concepts of music through directed listening and discussion.

LAUREL COLLEGE CENTER:

4634 M751 6:30PM-9:40PM M
 Laurel sections begin the week of
 September 7, 2010.
 Fees: \$30.00.

NUTRITION

NUTR-211 Nutrition (3 credits)

This course will provide students with a general understanding of nutrition and health. The functions and importance of fats, carbohydrates, proteins, vitamins and minerals, and the relationship between nutrition and exercise in weight management are included.

Also listed as HEED-211.

LAUREL COLLEGE CENTER:

5442 M301 10:15AM-11:45AM MW
 Laurel Sections begin the week of
 September 7, 2010.
 5443 M302 12:00PM-2:15PM TTH
 Laurel Sections begin the week of
 September 7, 2010.
 5444 M350 6:00PM-9:00PM W
 Laurel Sections begin the week of
 September 7, 2010.
 5445 M351 6:00PM-9:00PM TH
 Laurel Sections begin the week of
 September 7, 2010.

PHILOSOPHY

**PHIL-101 Introduction to
 Philosophy (3 credits)**

An introduction to world philosophy which begins with the western tradition and includes Asian and African philosophies as well as the voices of women philosophers and the peoples of the Americas. Focus is on major theories of reality (metaphysics), knowledge (epistemology), value (axiology), and logic.
 PRQ: Eligible to enroll in ENGL-121.

LAUREL COLLEGE CENTER:

3399 M751 6:30PM-9:30PM W
 Laurel sections begin the week of
 September 7, 2010.
 2888 M760 6:00PM-10:30PM F
 8:30AM-5:45PM S
 Class meets Nov. 5-6, 19-20; and Dec. 3-4,
 2010.

PHYSICS

**PHYS-106 Earth and Space Science
 (4 credits)**

This is a course designed for non-science majors which is a general survey of basic earth science and astronomy topics. This course will enable the student to learn basic concepts of soils, groundwater, weather and the hydrological cycle, urban geology, rocks and minerals, historical geology, plate tectonics, scale of the solar system, historical astronomy, basic motions of the earth plus celestial bodies, constellation identification, planet evolution and characteristics, space satellites, telescopes, the sun, stellar properties and equipment, laboratory techniques and procedures plus investigative skills to solve science-related problems. Field work will involve investigation of geology sites, constellation identification, and trips to local museums/planetariums.

LAUREL COLLEGE CENTER:

8276 J550 6:30PM-9:50PM TH
 6:30PM-10:00PM T
 Laurel sections begin the week of
 September 7, 2010.
 Fees: \$43.00.

POLITICAL SCIENCE

**POLI-101 American Federal
 Government (3 credits)**

This is an introductory course in American government which covers the principles of constitutional government, policies, and current political issues.

PRQ: Eligible to enroll in ENGL-121.

LAUREL COLLEGE CENTER:

6107 J904 3:20PM-6:20PM TH
 Laurel sections begin the week of
 September 7, 2010.
 Fees: \$10.00.

This class meets September 10-11, 24-25,
October 15-16 2010.

**PSYC-203 Abnormal Psychology
(3 credits)**

A course studying mental health and illness focusing on types, causes, and treatments.

PRQ: PSYC-101

LAUREL COLLEGE CENTER:

3418 J950 6:00PM-9:10PM W
Laurel sections begin the week of
September 7, 2010.
Fees: \$5.00.

**PSYC-204 Adolescent Psychology
(3 credits)**

This course is a description of adolescent development based on research and theory interrelating physical, psychological, intellectual and social changes during the teen years and the systems dealing with those changes. This course meets the Maryland State Department of Education Adolescent Development requirement for an initial certificate in Secondary Education.

NOTE: For a prerequisite waiver call Division Chair, 410-772-4019.

PRQ: PSYC-101

LAUREL COLLEGE CENTER:

3016 M951 6:30PM-9:40PM TH
Laurel Sections begin the week of
September 7, 2010.

SOCIOLOGY**SOCI-101 Introduction to Sociology
(3 credits)**

A study of concepts including culture, socialization, deviance, social change and stratification will be applied to social problems and everyday living.

PRQ: Eligible to enroll in ENGL-121.

LAUREL COLLEGE CENTER:

4332 J953 4:30PM-7:40PM M
Laurel sections begin the week of
September 7, 2010.
6111 M913 8:30AM-10:00AM TTH
Laurel sections begin the week of

Laurel sections begin the week of
September 7, 2010.
6124 M960 9:00AM-12:30PM S
Saturday class runs from Sep 11 to Dec.
11, 2010

SPANISH**SPAN-101 Elementary Spanish I
(4 credits)**

In this introductory course, students learn to listen, speak, write and read at a basic level. They also learn about the diverse cultures of the Spanish-speaking world. Instruction focuses on oral communication and is supported by a computerized classroom and conversation specialists.

LAUREL COLLEGE CENTER:

3761 J110 10:15AM-11:30AM MWF
Laurel sections begin the week of
September 7, 2010.
3760 J155 6:30PM-8:45PM MW
Laurel sections begin the week of
September 7, 2010.
Fees: \$25.00.

SPEECH**SPCH-105 Fundamentals of Public
Speaking (3 credits)**

The focus of this course is speaking skills for various situations with emphasis on one-to-group presentations. Effective communication in content, physical and vocal delivery as well as language use are stressed.

PRQ: Eligible to enroll in ENGL-121.

LAUREL COLLEGE CENTER:

1676 M706 8:30AM-10:00AM MW
Laurel sections begin the week of
September 7, 2010.
5936 M707 10:15AM-11:45AM MW
Laurel sections begin the week of
